PROFESSIONAL SUMMARY

"Highly motivated Backend Developer with a strong focus on Node.js. Proficient in building RESTful APIs using Express.js and managing databases with MongoDB. Passionate about writing clean, efficient code and solving complex technical challenges."

TRAINING EXPERIENCE

RED & WHITE MULTIMEDIA EDUCATION | TRAINEE
June 2024 – Present | Navsari, Gujarat

- Currently undergoing intensive training in Node.js and server architecture.
- Developing skills in API integration, server-side logic, and database management.
- Working on professional ethics and communication through IPDC.

PROJECTS

BOOKSTORE APPLICATION

- Developed a full-stack web application to manage book inventory using CRUD operations.
- Integrated MongoDB for efficient data storage and retrieval.
- Utilized: Node.js, Express, MongoDB, EJS, Tailwind CSS.

WEATHER DASHBOARD

- Built a real-time weather application fetching data from a Weather API.
- Implemented dynamic DOM manipulation to update weather info.
- Utilized: JavaScript (ES6+), Fetch API, HTML5, CSS3.

PERSONAL PORTFOLIO

- Designed a professional portfolio to showcase technical projects and skills.
- Used Node.js for handling server-side routing and contact forms.
- Utilized: Node.js, JavaScript, HTML, CSS.
